STANDARD FEATURES

- Double-skinned cabinet and door, made of stainless inox AISI 304.
- Press-moulded wash tank with radial corners, inclined to filters.
- Easy-clean-filter system.
- Four wash and four rinse stainless-inox arms, independent and rotary.
- Micro security door.
- Stand-by system for energy saving.
- HY-NRG rinse function with pressure booster pump keeps the set temperature and quantity of water used in rinsing at constant levels.
- Insulated atmospheric boiler and break tank (non-return valve)
- Auto self-cleaning cycle of the washing tank at the end of the service (with rinsing pump).
- Innovative electronic control panel with high-resolution color TFT 45x60mm screen for intuitive programming of the machine.
- Direct control on temperatures, work stage, time and possible anomalies.
- Storing of daily cycle quantity and throughout the life of the machine.
- Four purpose-designed washing cycles for various types of crockery to be washed.
- Two menu levels, protected by a pin code: an operator and a technical menu (after-sales service).

Basket size: 615 x 1150 mm

Wash pump power/capacity: 2x2 kW / 832 l/min

Rinse booster pump: power/capacity: 0.55 kW / 3.72 m³/h

Element power: tank/boiler: 8 kW / 12 kW

Water supply temperature/pressure/hardness: max. 55°C / 200 - 400 kPa / min. 7 max. 12°f **

Washing/Rinsing temperature: 55°C / 85°C

Capacity: tank/boiler/water consumption per cycle: 96 l / 12 l / 8 l

Sound emission dB (A): 73

Total power/Voltage: 16 kW - 400 Volt 3/N/50 Hz

*Theoretical data with water supply at 50°, P1 cycle for light-dirty dishes
**Where water hardness exceeds 12°f or 100ppm a water softener is required. Water softener is not suitable for hot water above 30°C.
ACCESSORIES

Baskets 1 universal stainless-inox rack, 1 baking-tray racks
Hoses (1 for each) -

OPTIONAL ADD-ONS

- Peristaltic rinsing dosing unit (PB).
- Peristaltic detergent dosing unit (PD), identified by a red hose.
- Drain pump (PS).
- Wi-Fi connection to send text message for feasible anomalies or informative message on the machine status.
- Steam condenser and heat recovery system (CRV).
